**EXPERIENCE, ENJOY, AND TOUCH RESEARCH AND TEACHING!**

That is what the Open Campus 2019 is all about. This year, on **June 15 from 2 p.m.**, the university campus will again become a large adventure park for everyone interested. Become inspired by the more than forty pagoda tents featuring the various departments and institutes. They all present insights into their works and projects from their respective fields of knowledge – in shows, as a poetry slam, on tours, or on stage. At night, the colorful event will end with a large open-air party and a free-of-charge concert by artist Namika. The alumni association will also be there when the event's motto 'Open Worlds – Share Knowledge' comes to life. Do not miss out on this, and come by to visit us at our stand. We are already looking forward to encounters, exchanges, familiar and new faces. [Further information](#)

### BREMEN HISTORIAN AWARDED ORDER OF MERIT OF THE FEDERAL REPUBLIC OF GERMANY

In the context of the 70th anniversary of the German constitution, Federal President Frank-Walter Steinmeier has awarded sixteen people with the Order of Merit of the Federal Republic of Germany, among them the Historian Dr. Eva Schöck-Quinteros of the University of Bremen. The award honors her commitment in political education and in imparting the values of the constitution. Schöck-Quinteros is the initiator of and driving force behind the project 'Out of the Archives onto the Stage' (see also event reports) of the University of Bremen and the bremer shakespeare company. "In the end, the Order of Merit is not only for me as a person but for the project as well. That is a level of recognition that is wonderful for everyone involved," Schöck-Quinteros said about the award. [Read more ...](#) (German only)

## **BUZZ, BUZZ, BUZZ – WE, TOO, ARE BUZZING FOR THE CITY AND ARE BUSY AS BEES AT THE UNIVERSITY**

'Food production on the district level' is the title of a new research project that is conducted in the districts of Osterholz-Tenever and Vahr in Bremen by researchers of the University of Bremen. Just in time for World Bee Day (this year on May 20), beekeepers can now get support via an app. The scientists hope to complement data in real time by electronically wiring the bees. Sounds like a utopia? [Read more ...](#)
